

EMALTE is a Whelen Engineering Master Distributor for its Mass Notification (Outdoor Warning Systems). For clients requiring a custom design Monitoring and Control System, EMALTE Engineers have engineered a fit for purpose SCADA application.

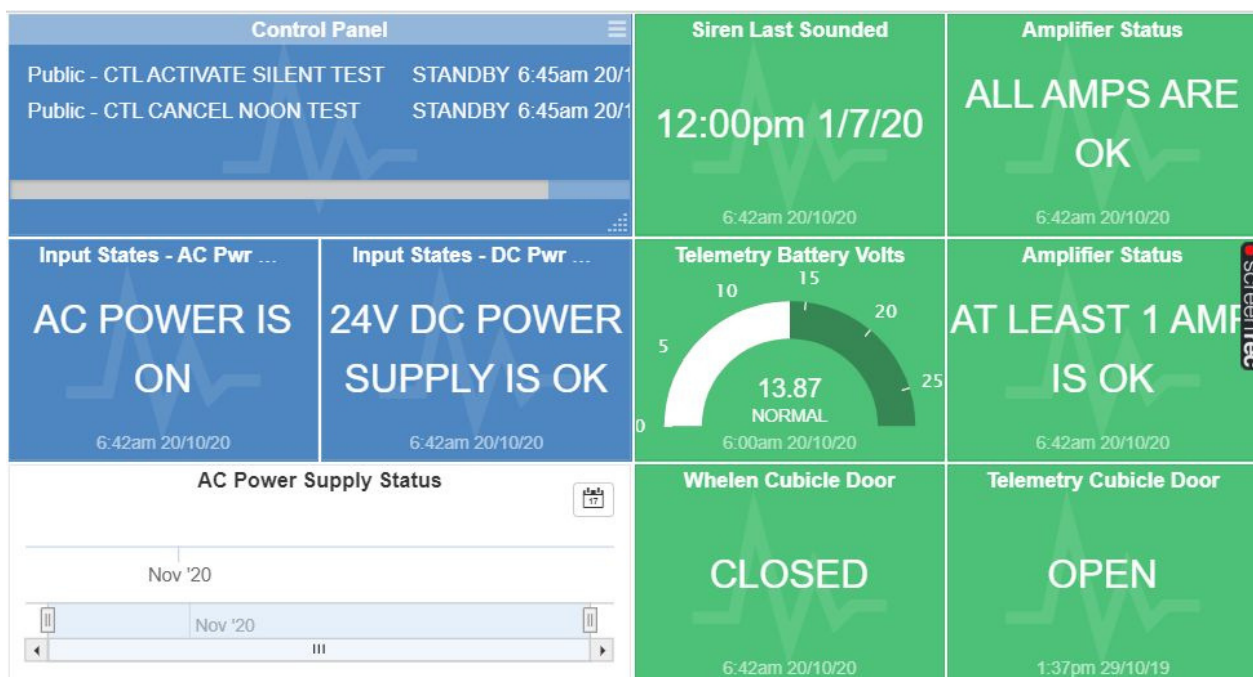

## Custom screen options include:

- Map interface
- Dashboard
- Individual Site Mimics
- Trends
- Communications map and analytical data
- Reports
- Access to Manuals

## Communications can be via:

- Fibre
- Twisted pair Cable
- Cellular
- Alarms
- Radio
- Satellite

We offer both a licenced application that includes support and automatic updates and a more basic SCADA application that has no ongoing annual fees.

Provide full details of your requirements and we will tailor engineer the most appropriate system for you.
